Ready to learn the most important takeaways from Algorithms to Live By in less than two minutes? Keep reading!

## Why This Book Matters:

Algorithms to Live By helps us understand the algorithms our brains use every day.

## The Big Takeaways:

- 1. Algorithms aid both people and machines.**
  1. If An algorithm is just a set of directions that we repeat to find the solution to a problem.
- 2. Algorithms let us know when it's time to quit.**
  1. There are a lot of options out there, and our algorithm lets us know when we need to stop looking for options when trying to make a choice.
- 3. Not everything has to be in a certain order for you to know where it is.**
  1. An algorithm helps you sort through objects to

find what it is you're looking for.

**4. We can use algorithms to help us build a schedule.**

1. Organizing our time can be just as important as organizing our things.

**5. Some algorithms can help you figure out what comes next.**

1. Algorithms can help us predict what is to come next with some accuracy.
