## Why This Book Matters:

Bringing Up Be'Be' tells the success story of French parenting as it facilitates the idea of parents guiding their children's life plans.

## The Big Takeaways:

1. **When a baby cries, the parent doesn't have to be concerned every single time.**
  1. If Crying doesn't necessarily mean that the baby has a problem.
2. **Training your kid what to eat is an important part of raising a healthy child.**
  1. When it comes to food, parents should help their children form good eating habits.
3. **It is necessary to follow proper routines when eating.**
  1. If a baby has a habit of eating meals on time, he would be possessing strength, discipline, and a

fully-active life.

**4. Parenting doesn't demand self-negligence, so one should pay attention to themselves as well.**

1. While raising your child, you must also work on yourself to give your child a positive role model focused on happiness.

**5. Sometimes it is necessary to refuse your kid so he/she can learn how to live without.**

1. Kids make demands often. As a parent, you are not obliged to say "yes" to all of them.
