1. Body Language: How to Read Others, Detect Deceit, and Convey the Right Message (Psychology, \$1.99)

1. By James Borg.

2. 4.3/5 stars with 111 reviews.

3. Body language is a vital part of everyday communication, but more often than not, we are unaware of the messages our bodies are sending to others. Body Language will teach you to become more aware of these issues. In seven lessons, you will not only learn to read others, but also learn to control your own posture to send the correct message to those around you.
